

HOME MAKEOVER

Primetime market leader in six countries

In 2020 still # 1 in Poland after 14 seasons

A beautiful welcoming home where a family can feel comfortable. It has space to play for the little ones, a living room for the whole family, a big table for family gatherings, a kitchen, a bathroom. This should be the most common thing in the world - but for some families this is an almost unobtainable dream!

HOME MAKEOVER can make this dream a reality. The host of the show and her team help families in need - families who have seen some hard luck. Unemployment, bankruptcy, serious illness or the death of a family member – cruel twists of fate that could happen to anybody. In many cases these situations result in unbearable living conditions for the family.

In only four days the team of HOME MAKEOVER transforms a hovel in a welcoming home of dreams. The family is sent on a 3-day holiday. Now the workmen only have 72 hours to renovate and refurbish. The host and the construction supervisor first put their heads together to quickly schedule the necessary steps. When the family returns to their front door they experience the surprise of their life.

Their newly renovated place shows no similarity to how it has been before. Viewers at home witness the changes and the incredible work the team has accomplished in such a short space of time. Living in these rooms will never be the same!

Since 2010 Constantin Entertainment has produced the format in 6 countries. In Poland "Nasz Nowy Dom" premiered 29 September 2013 on Polsat and is Nr. 1 in its prime time slot ever since.
