The first dating show entirely focusing on age gap love. Not only since Heidi Klum and Tom Kaulitz, the topic is discussed worldwide.

On an amazing trip to Mexico, two single men who couldn't be more different, try to find the love of their life. They are dating 14 attractive and confident single ladies aged 18 to 50.

The twist: Every age constellation is allowed. Will the young women fall for the hot guy their age or do they prefer the mature man who can offer them a life in the lap of luxury?

THE JUNIOR

- Aged 20 – 30
- A hot and cute man, very down-to-earth
- A social guy, living in a shared flat and likes to party.
- Creative and adventurous, still looking for the right path in life.
- Open-minded when it comes to love: age doesn't matter for him!

THE SENIOR

- Aged 50-60
- Attractive, classy and rich.
- Successful in his job, has both feet on the ground.
- He can share his life experience and his wealth with the ladies!
- The only thing missing is the love of his life.

They are dating 14 single ladies – 7 STRONG EXPERIENCED WOMEN and 7 YOUNG ADVENTUROUS BEAUTIES.

They are totally different interesting characters with exciting backstories.

7 EXPERIENCED WOMEN

- Aged 35-50
- Well-educated, confident women who know what they want – and how they get it!

7 YOUNG BEAUTIES

- Aged 20-30
- They are young sexy, models, influencers, students...

The men meet their potential dates in the most authentic way possible: In their own home. No artificial surroundings, no fake dates. The girls will see their real appartement, their real job and their real friends.

After getting to know each other in their hometowns, the men invite their dates on an amazing trip to Mexico. Both men have their own hotel – and take the women to dates in locations they would choose in their real life.

Each age constellation is allowed and the tension is rising, as the two bachelors will send the women home one by one, until they face the ultimate decision. Will there be a double wedding at the beach?

REUNION

The emotional time is looked back at in a reality talk show. In a studio, the host interviews the Junior and the Senior as well as the women. Are the couples still together? Does age play a role in love?
